

Happy Earth Day, everyone! Here is a couple of optional activities your child can do.

**On youtube, Listen to The Earth Day Book by Todd Parr.
(2:57)**

- 1. Make a list of things you can do to help the earth.**
- 2. Choose one of the above ideas from your list to create a poster. Follow the artwork technique in this book by drawing with a marker and colouring your illustration with crayons or leads.**
- 3. Use recycled materials such as paper towel rolls, toilet paper rolls or empty boxes to create a "Junk Art" masterpiece.**
- 4. Go on a family nature walk and look for signs of Spring! Remember to stay in your bubble!**

Have fun!!
